## Scoring:

For each item, mark the number of points that your score differs from the NASA ranking, then add up all the points. Disregard plus or minus differences. The lower the total, the better your score.

**0 - 25 excellent**

**26 - 32 good**

**33 - 45 average**

**46 - 55 fair**

**56 - 70 poor -- suggests use of Earth-bound logic**

**71 - 112 very poor – you're one of the casualties of the space program!**
