#### 19. LIBRARY COLLECTIONS

Have you contacted the library collection development officer (kljensen@alaska.edu, 474-6695) with regard to the adequacy of library/media collections, equipment, and services available for the proposed course? If so, give date of contact and resolution. If not, explain why not.

The Graduate Certificate in Construction Management and its courses was approved by the CEE faculty and the CEM dean.

#### 21. POSITIVE AND NEGATIVE IMPACTS

Please specify **positive and negative** impacts on other courses, programs and departments resulting from the proposed action.

This course follows the New Degree Program Request which examined the growth in the CEE department. No additional positive or negative impacts from this course are likely.

#### JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize course change and new course applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. Use as much space as needed to fully justify the proposed course.

This course is part of a UAF CEE outreach to package our graduate classes in a way that is convenient to students and their employers. This outreach was formalized in a New Degree Program Request for a Graduate Certificate in Construction Management which was approved by the UA Board of Regents in September 2009. The courses in this program grew out of a needs assessment by UAF CEE of Alaska engineering employers, including governments, consultants, and contractors, that indicated that courses of about one credit's intensity were best. The classes are being taught by UAF faculty, emeritus faculty, or appropriate adjuncts approved by the CEE faculty and Chair. All classes feature an assessment process: tests, reports, presentations, and/or graded homework.

# **Advanced Construction Estimating**

#### 1. Course information:

Advanced Construction Estimating, CE F654B, One credit, Prerequisites: Recommended Admission to the Graduate Certificate in Construction Management Program.

Location and Meeting Timewill be specific to each offering of the course.

# 2. Instructor (and if applicable, Teaching Assistant) information:

*Instructors Name*, *Office Location*, *Office Hours*, as well as *Telephone* and *Email* contact information will be specific to each offering of the course.

# 3. Course readings/materials:

Handout of text material and assigned materials students will download from the Internet

## 4. Course description:

This course will build on student's knowledge of estimating procedures and practices. It will provide insight into the effects of inflation and risk and will examine the methods to incorporate risk sharing in an estimate.

### 5. Course Goals (general), and (see #6)

Improve the student's skills in managing construction and project estimating.

### **6. Student Learning Outcomes (more specific)**

Students will learn to incorporate advanced concepts into project construction estimates. Understand the elements of risk and how to account for risk in estimates or share risk through the construction estimate.

#### 7. Instructional methods:

Face to face lecture and remote lectures via video conferencing, student presentations and reports. Students will use the Internet to download some instruction material.

# 8. Course calendar:

Class 1

Introduction

General Conditions and Overhead

#### Class 2

**Environmental Estimating** 

Risk Sharing

#### Class 3

Costs of Scheduling Modifications

**Profit Analysis** 

### Class 4

Quiz

**Estimating Costs of Professional Services** 

Contingencies and Allowances

### Class 5

**Estimating Technology** 

## Class 6

**Class Presentations** 

# 9. Course policies:

Due to the limited number of classes, attendance and class participation is expected in all classes, unless arranged otherwise with the instructor, and will be considered in determining final grade. Plagiarism will not be tolerated.

#### 10. Evaluation:

The final grade will be determined on the following basis:

| Final presentation (written: 40%; oral: 15%) | 55% |
|--|-----|
| Quiz   | 20% |
| Class participation                          | 13% |
| Attendance (6 @2%)                           | 12% |

## 11. Support Services:

Administrative services for the course are provided by the Center for Distance Education 907-479-4757 and technical assistance by Video Conferencing Services 1-800-910-9601

### 12. Disabilities Services:

The Office of Disability Services implements the Americans with Disabilities Act (ADA), and insures that UAF students have equal access to the campus and course materials.
