2. Promotion/Tenure workshop: Friday April 24

10am-12pm (-1pm), Springfest day, place TBD

probably Regents Conference Room in Butroni. Discussion about the current climate of shrinking budgets and anticipation of greater levels of concern from attendees. Uncertainty about possible changes made to the handling of workloads and related issues discussed. We would like to invite someone who is particularly knowledgeable about these issues. Alex Fitts would be ideal. Mary will invite her to talk for the first 5 minutes.

Also – keep the focus on planning strategically for one's academic career. 75 minutes per panelist with a notice given to speakers at the 5 minute mark. Kayt will manage the flier preparation and distribution. Add idea to poll attendees at the end, how many are preparing for 4th year review, going up for tenure, or posttenure? Jane will check on food & coffee from Faculty Senate.

Six panelists: Ginny Eckert (full), Mary Ehrlander (full), Diana Di Stefano, Ellen Lopez, Derek asked Diana Wolf, who agreed. Jane invited Sandra Wildfeuer (interior Aleutians campus, Associate Professor), who agreed.

3. Spousal Hires: Kayt raised the issue of the spousal hiring problem. 3-4 recent losses of faculty related to this issue. Likely to get worse as jobs shrink and likely to impact female faculty more than male.

Respectfully Submitted, Derek Sikes,
