III. Report from Diane

There was a good response to and turnou to faculty members attended. Diane is working on getting information out to faculty on upcoming events. Statewide is taking care of adverty Neil Howe's Millenials presentation. Faculty are already signing up! Larry reminded us that Neil Howe will also be part of the upcoming Lilly Arctic Institute.

Diane mentioned that she is getting requests for lunding but that there is no longer any money available. UNAC used their extrading to pay for Neil Howe's visit. CP noted that the number of requests (and vailue) own) should be sent along to the Provost.

People are indicating an inteten calling in for Don Fleey's upcoming talk on working with challenging students.

IV. Old Business

Josef informed us of the Faculty Senate action to our motion regarding electronic student evaluations, namely that the senfalt the wording was not strong enough. It was suggested that we change the word 'thip ou' approval". After some discussion our committee tentatively decident splitting the motion into two main bullet points: a) electronic student evaluations will not interplemented (mandated) without Faculty Senate approval; and b) more research will do at the administrative level. Josef will update the motion based on our discussion email the new version to committee members for more input.

V. New Business

Lilly Arctic Institute: Larry informed us that the registration fee for the Lilly Arctic Institute (March 3-5) will be waived for DAD evallnstn new verided free to come and go as it fits our schedubes as register for the sessions you will be attending so as to keep tracktoe number of faculty expected.

Sub-Committees: After some discussion was decided we would not form sub-committees for electronic student evaluate and the upcoming Faculty Forums. We decided on a plan of action for the first Faculty Forum (see below), and the issue of electronic student evaluations will require energy of the whole FDAI committee.

Faculty Forums: The planned first Forum was cancelled due to too many things happening at once, so March 1 from 1:020:00 pm will be the new first Forum (IARC 417). Diane has emailed a link to a PDF file of the book Talking: Difficult Dialogs in Higher Education to committee members. The first Faculty Forum will focus on bridging academic freedom with difficult staroom experiences and discussion questions in chapter 1. Mike, Josef, and CP catherad the Forum and help guide the discussion.

Electronic Student Evaluations: Melanie undges to resubmit our motion as soon as possible with the new, assertive language. New been working on this for over a year and do not want the issue to be put aside.

VI. Next Meeting: Wednesda March 9, 2011 at 8:00 am, Bunnell 222.

VII. Adjourned at 9:02 am.

Respectfully submitted by Kelly Houlton.
